SHORT TERM CONTINGENT LIFE AND/OR DISABILITY

For Key Persons... when time is of the essence!

When it takes traditional life and disability carriers on average 60 days to underwrite new applications, this can often times prevent pivotal business deals from concluding in a timely way. Mergers and acquisitions, infusion of venture capital, and close of escrows are often times held up due to this type of underwriting delay.

The STC plan was designed to provide an immediate solution. Within a matter of hours STC coverage can be obtained to cover these types of risks while the traditional plans are being underwritten. The STC plan provides coverage for 30, 60 or 90 days. Once traditional coverage is approved and in force then the STC plan will cease.

UNDERWRITING GUIDELINES

- Available for third party business situations only
- STC is non-convertible and non-renewable
- Premiums are fully earned at inception
- Short Form two page application
- Up to \$20,000,000 (or more) is available
- Must provide financial justification
- Full premium is required to bind the coverage
